# REBECCA DAVIDSSON

#### **Master Student Computational Science**

- @ rebeccadavidsson3@gmail.com
- → Hilversum, Netherlands
- https://rebeccadavidsson.github.io/cv/

### **EXPERIENCE**

### Junior Frontend Developer

#### **House Of Tracks**

- **May 2020 September 2020**
- Zaandam
- For the music company SetFreaks, a new website was created in React, where I mainly focused on frontend development. The job also included building a music player in React, critical thinking about the design and creating animations in JavaScript.
- The music marketplace House Of Tracks launched a new website. I was
  responsible for a great part of the mobile version. Also, making the website responsive was one of the tasks. Furthermore, I added new pages
  and optimized the code of the existing website.

### **Teaching Assistant**

#### **University of Amsterdam**

- September 2019 Present
- Amsterdam
- TA at the course Requirements Engineering at the master Software Engineering.
- Teaching programming courses at the UvA covering C, Python and JavaScript
  at the minor programming. Courses taught are the CS50(x) course, Webapps, Databases and webprogramming and a programming-project.
  Responsibilities included tutoring students, grading assignments and
  working on small programming tasks for the course website and grading
  functions.

#### Research Intern

#### **University Medical Center Utrecht**

February 2019 - June 2019

Utrecht

A project about Brain-Computer Interfaces. Responsibilities included creating models to predict the outcome of certain features measured by the Brain-Computer Interfaces. This project required programming in Matlab and R-studio.

## **OTHER ACTIVITIES**

#### Stationslab Utrecht Central Station

September - October 2018

Utrecht

Research into improving navigation through and around Utrecht station in collaboration with the NS, University of Amsterdam and Prorail. This project required setting up experiments with a team of students which also included programming in Matlab.

#### **Treasurer at CONGO student association**

**■** September 2016 – August 2018 Amsterdam

#### Servant at restaurant Deja Vu

**J**une 2017 - October 2017

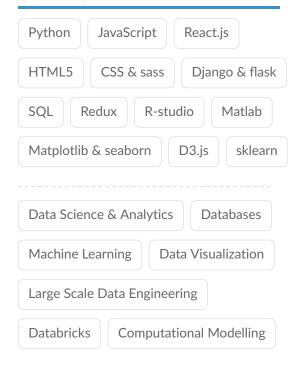

Hilversum

#### **Sales Employee**

**May 2014 - July 2019** 

Hilversum

### **SKILLS**

## **LANGUAGES**

Dutch English Swedish

## **EDUCATION**

## M.S. in Computational Science

### **University of Amsterdam**

- Sept 2019 Present
- Machine Learning
- Data Mining
- Large Scale Data Engineering
- Numerical Algorithms
- Scientific Visualization
- Evolutionary Computing
- Complex Systems
- Distributed Algorithms

## B.S. in Cognitive Neuroscience

## **University of Amsterdam**

- **Sept 2016 June 2019**
- Programming in Matlab
- Calculus for Biology
- Academic Skills & Scientific Writing
